Response Type: All

Reasons

- A bit of lack of communication by this vendor
- A smaller player in our hospital - they were a forced acquisition
- bad tat for service
- But to me no
- Cost of each support in retro
- Delays in response time for critical issues. Higher-than-expected costs for parts and service...
- far too expensive, basically unresponsive

Low Rating (n=52)

- With their flexible plans, service contracts are much more cost effective.
- With personalized service providers meet specific client needs with tailored solutions.
- With its support services available around the clock, we can get assistance at any time.
- With its extensive support for healthcare equipment, ensuring that equipment is regularly ch...
- We've had years of working relationship with GE Healthcare and know what they will deliver f...
- Well they have a fast response times for on-site repairs or remote troubleshooting.
- Well rounded, popular, awarded, offices close to us
- We’ve struggled with PM/CM schedules after hours as well as extended downtimes
